There is
a difference
between living
and existing.

The Promise of God for life is connected to unity. Psalms 133 declares that unity is the place where God commands both a blessing and "Life" forevermore. It is Life that last. It is in this forum that we seek to add clarity to the role of the church children's ministry as it relates to the District Vision for Biblical Literacy. Recharge Hawaii will give each attendee the capacity to minister from the overflow instead of the reservoir.
